Title:	VW Golf MK V GTI 2.0 FSI Turbo Brake Line Kit
Description:	<p>brake line kit</p> <p>Car - VW Golf MK5 Fittings - Stainless steel Pack - 4 lines</p> <p>This MK5 Golf kit contains 2 pipes for front, 2 for the mid. The rears are braided as standard. Image shows a generic shot for illustration purposes</p> <p>This Brake Lines feature billet stainless steel ends, instead of the normally used carbon steel. This exclusive design ensures absolutely corrosion-free performance. This Brake Lines are direct replacements for the original rubber hoses and do not require adaptors.</p> <p>Because Teflon hose wrapped in stainless steel braid does not expand like ordinary rubber hose, these lines provide quicker brake response and a firmer pedal</p>
Weight (kg):	Actual weight = 1kg / Volume weight 2kg
